**Re: April 4, 2022 Elkay Price Adjustments**

**Dear Valued Partner,**

Like most global manufacturing companies, Elkay® is experiencing an unprecedented cost increase of raw materials, finished goods and transportation. Regrettably, we must pass a portion of these increases along to the market so that we can stay committed to delivering the innovative, high-quality products you deserve and expect.

Therefore, effective April 4, 2022, there will be a price adjustment of 8% across all residential and commercial sink, faucet, accessory, and water delivery categories. There will not be a change to our free freight allowance; it will remain at \$4,000.00.

All orders received and/or quoted after 04/4/2022 will receive the new pricing. All registered job quotes will be honored if ordered by the expiration date on the quote.

If you have any concerns, please contact your local Elkay Sales Representative for further clarification.

We thank you for your continued support and trust.

Best regards,
